

# Importing resources for SystemOne

## Importing Reports:

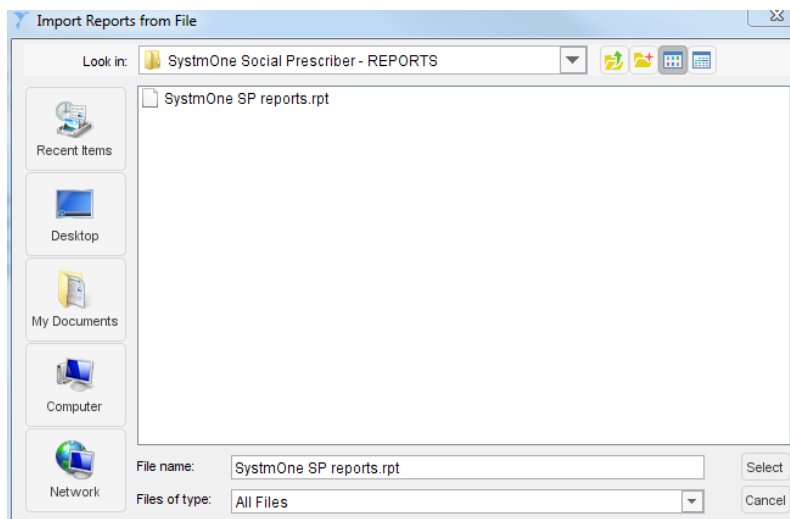

- Save the Zip tile to your desktop/documents
- Right click on the Zip file > extract all > select the location > extract

## In SystemOne go to:

- Reporting > Clinical reporting
- Click import

- Navigate to where you have saved the reports files

- Single click the file
- Click select
- Click  on the popup box
- Click Keep existing categories

**Disclaimer for resources shared by Clinical System Champions on behalf of NHS Devon CCG / Delt Shared Services Ltd, herein referred to as "the Supplier":** This document must not be reproduced or disclosed to others, either in whole or in part, or used for purposes other than that for which it has been supplied. The Supplier shall not be liable for any errors or omissions. The Supplier disclaims any liability in connection with the use of this information. All recommendations are made in good faith without guarantee on the part of the author.

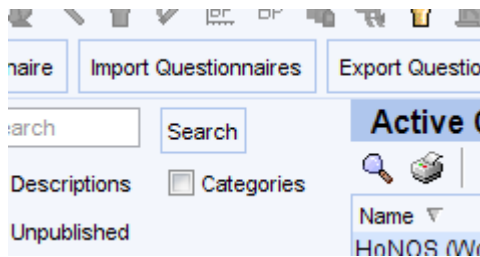

The reports will now be in the Social Prescriber folder (on the left hand side)

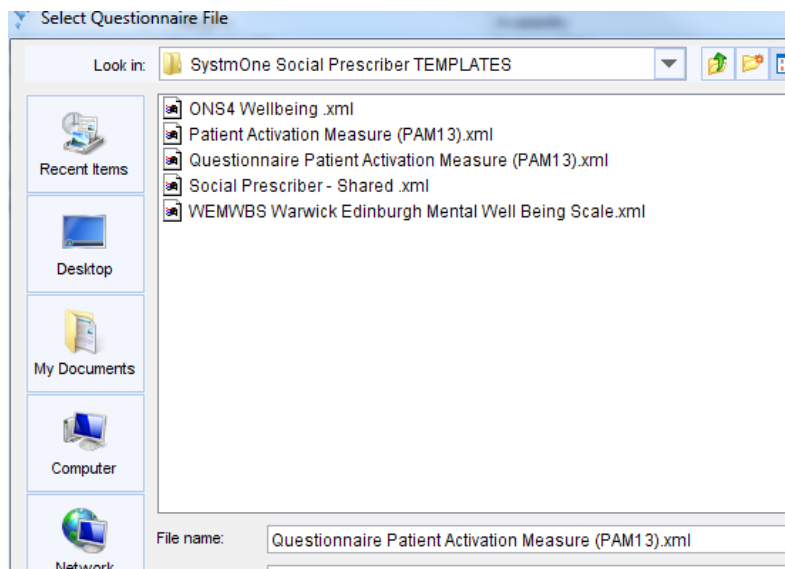

You now need to import the questionnaire for the PAM tool to work correctly.

In SystemOne go to:

- Setup > Data entry > Questionnaires
- Import Questionnaire

Navigate to the template folder you have extracted and saved on to your desktop

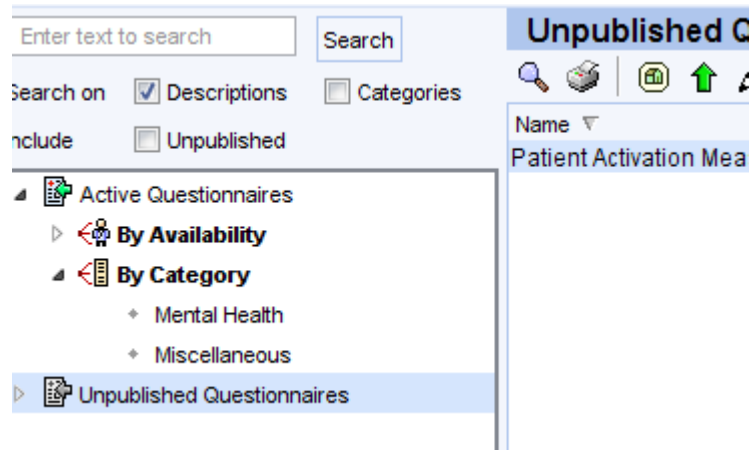

Select Questionnaire Patient Activation Measure > Click Select

- Click Ok
- Click Yes
- Click OK
- Click OK

**Disclaimer for resources shared by Clinical System Champions on behalf of NHS Devon CCG / Delt Shared Services Ltd, herein referred to as "the Supplier":** This document must not be reproduced or disclosed to others, either in whole or in part, or used for purposes other than that for which it has been supplied. The Supplier shall not be liable for any errors or omissions. The Supplier disclaims any liability in connection with the use of this information. All recommendations are made in good faith without guarantee on the part of the author.

You will now need to publish the questionnaire

Click on unpublished questionnaires on the left hand side

Right click on Patient Activation Measure

Click publish questionnaire

Click Yes

Select publish locally

Click OK

Click Yes

---

### Importing the template:

There are 4 templates that need to be imported, and done so in this order:

1. ONS4 Wellbeing
2. Patient Activation Measure (PAM13)
3. WEMWBS Warwick Edinburgh Mental Well Being Scale
4. Social Prescriber – Shared

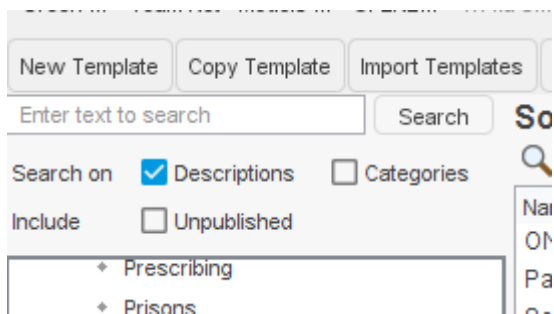

- As above, save the folder to your desktop and extract the files from the TEMPLATE folder.
- In SystemOne go to:
- Setup > Data entry > New template maintenance
